Dear Marcello Truzzi

Thanks for your card. I'm honoured to be in the CSAR Directory of Consultants, and look forward to further developments.

Interested to hear that you are planning a summer visit to England. I'm afraid that neither of us will be at Cambridge. We are not able to travel much at the moment because we have to look after Colin's 90-year-old mother who lives with us. But if you are thinking of doing any travelling in Britain apart from the London and Cambridge areas, we would very much like to see you over here in Montgomery. Unfortunately we don't have sufficient room to offer you a bed, but there are good accommodation facilities in the town. It's really a town in name only, having a population of around 1,000, but it's a very historic place and was an important centre in the past. There is a ruined castle, Georgian houses and other interesting buildings, and lovely scenery. Montgomery is actually on the Welsh border, west of Birmingham and about 200 miles north-west of London. It's easy to reach by car, or there is an adequate rail service as far as Shrewsbury, which is 20 miles away and we then collect visitors from the railway station there, as the bus service to Montgomery is infrequent.

Anyway, do bear us in mind when you are planning your intinerary, and let us know if you are able to fit us in.

Our BIGFOOT CASEBOOK is due out any minute now from Stackpole Books, and I will ask them to send you a review copy. They also did a U.S. hardback edition of ALIEN ANIMALS last autumn, to be followed by a paperback this autumn, and I will ask them to send you a review copy of that too. Possibly EARTH RITES might also be of interest to you, and I will ask our U.K. publisher to send you a copy.

Best wishes

Janet

Dear Janet Bord,

Thanks for your nice letter of April 15th and the suggestion that we visit Montgomery. At this point, we are not at all sure what will be possible. My wife, Pat, expects to go with me, and we don't know at this point even if we will go for two or three weeks. We probably will go to London a week prior to the meetings and then travel about for a week after the meetings, but that is not at all sure and contingent on much here including Pat's work situation here at that time (she is a commercial artist/illustrator at an agency here and we don't know what the work load will be like there then). Anyway, we would love to get over to Montgomery if at all possible. Pat is particularly interested in British history and folklore, so the area would be of special interest to her. (I am particularly pleased that you asked for a copy of EARTH RITES to be sent ZS partly for her interests.)

I am sorry you won't be able to get to the SPR/PA meetings since this should be a particularly interesting set of sessions (especially since quite a few of us skeptics will be present including Ray Hyman from Oregon and Piet Hein Hoebens from Amsterdam).

I look forward to seeing your BIGFOOT CASEBOOK, and I do hope it will be possible to see you in August.

ZS#9 got sent out about a week ago. Hope you got your copy all right.

Cordially,

Marcello

Dear Marcello Truzzi

It was good to receive ZS11 - as stimulating as ever! I was pleased to note that CSAR is taking shape, and that I am now on the list of consultants. I just wanted to let you know that I naturally wish to become a member of CSAR itself, so please send along any paperwork that needs completion.

I hope CSAR will receive the support it deserves, and I look forward to future developments, including the first Bulletin.

Best wishes

Dear Marcello

Thanks for your letter. I appreciate that you are going to have a hard time squeezing everything into your short visit to the U.K. So it's probably best if you wait till you are over here, then see if you've got the time to make a visit to Montgomery. It will be OK to arrange it at short notice - so long as it doesn't clash with any prior arrangements of ours. You'd be surprised how many friends and relatives decide to pay us a visit in the summer!

Yes, the latest ZS arrived a few days ago. As always, we look forward to getting immersed in it.

Best wishes

Janet

Dear Marcello Truzzi

I have just come across your undated letter to subscribers, sent out some time in 1986, in which you say that issue 12/13 of Zetetic Scholar should be out by mid-1986. I am wondering whether this actually happened, as I have not received my copy yet! If 12/13 is now out, I would be glad to have a copy as soon as possible, as my subscription is fully paid up (I sent you $35 in December 1983, but have not received ZS since No.11, nor any issues of CSAR Bulletin).

Please note also that I now have a new address. However any mail sent to the old Montgomery address would have come through to me, as it is all being redirected.

Yours sincerely

Janet Bord
